once you have acquired the mysterious fossil any remaining fossil items will no longer serve a purpose they can be sold as it is only possible to possess one mysterious fossil per playthrough begin on your journey follow these steps diligently and uncover the enigmatic mysterious fossil in travel town you can also save space by gathering the same items moreover if you are running out of space then drag items to your spare inventory space as well as the board slots you can also purchase more spare inventory spaces select the dollar icon to sell items you do not need that is also a good way to free up more space the game was fun at first but i ve had many glitches over the past few months i assume this is coming from new updates first i haven t been about to play for the past 3 5 days because as soon as i get on it says there is an internet connection issue and then loads forever and nothing happens this is 100 not an internet issue on my end and i don t think there s a way that i can fix this problem since the game will completely load in and then when i get to the board it starts having the issue second i ve had a one one my production items just copy itself for no reason it s a low level one and i have no use for it since i have completely leveled up the production item that is was supposed to be it s been sitting in my extra storage space for months now so it s literally useless and taking up space third issue is sometimes i will be playing

and some of my items will turn invisible like they are still their and i can move them but i can t see them really annoying because i think i have more space on my board and then i have to figure out switch item is glitching and it s just this big hassle this is more of an opinion but i hate how you guys changed the some of the skins for past items they looked fine before and it kind of looks worse only leaving this review to see if i can get these issues fixed because i do enjoy playing the game other than these issues i ve been having travel town s history and development showcase the game s rise from a new entrant to a significant player in the mobile gaming market its success story is a testament to the game s ability to captivate players with its unique blend of puzzle solving and town building elements as the game continues to grow and attract new players it will undoubtedly leave a lasting impact on the mobile gaming industry
